

# FIRST REHEARSAL OF MESSIAH, NOV. 13

Chorus of 300 Voices to be Trained for Great Oratorio.

The first rehearsal of the presentation of "The Messiah" will be held in the Terpsichorean hall, Carle block, Franklin and West Milwaukee streets Sunday afternoon starting at four o'clock. A chorus of 300 voices is to be created in Janesville to unite with singers from Milton for a community presentation of the music masterpiece in both Janesville and Milton.

Arthur L. H. Stricker, Milton, will have charge of the first rehearsal and plans for the eight weeks' training of the great chorus will be detailed at the rehearsal meeting Sunday. All members of church choirs in Janesville are urged to unite in the chorus work, for valuable training will be given during the preparation for "The Messiah."

Herbert Gould, Chicago, and Charles Ormond, Appleton, are two of the soloists announced by the editor in charge. All people interested are invited to be present at the rehearsal Sunday. The cost of the eight weeks' training in the rehearsal is in charge. The rehearsal will be given in the city hall, with the Milton chorus joining and then in Milton with the Janesville singers cooperating.

The rehearsal will start promptly at four o'clock in the afternoon.

Baby will soon grow up and then you will wish you had some baby pictures. Take some snapshots of the baby this Sunday.

## VOICE OF PEOPLE

Editor Gazette: Some days ago you published a letter written by a Seventh ward taxpayer. That taxpayer gave a mild description of the existing conditions at the places mentioned.

I think it would be a good idea for other taxpayers to look around and see what kind of improvements are being made and how many are benefited by them.

If the storm sewer for the drainage of Blackhawk could not be extended to connect with the Sharon street storm sewer, was it exercising good judgment to continue laying a sanitary sewer after it had been almost completely washed out twice before it had been laid two blocks?

Why is the runhole on the old sewer at the corner of Logan and Sharon streets left in the dangerous condition it is?

If some one should run into the hole at the end of South Wheeler street and be hurt, would it be more economical for the city to pay damages than to have had this place fixed?

If the city could buy the right of way and employ about half a dozen men for five months to make a trench so a sewer could be laid for the benefit of Blackhawk, is it unreasonable for property owners on the streets over which these teams are driven to carry heavy loads, until the streets are impassable, to expect enough work done on these streets to make them passable?

Why should people pay for a sanitary sewer on streets where there is no water main?

ANOTHER SEVENTH WARD TAXPAYER.

In regard to the above communication, the city engineering department says:

The matters complained of are not in the province of the engineering department.

Question 1—Necessity for building the Blackhawk storm sewer was great as shown by previous communications from the local and state boards of health. Connection with the Sharon street sewer would have entailed a heavy expense, unnecessary at this time, the council decided. No sewer was ever washed out there.

Question 2—This runhole was covered over with planks because by an old stone box culvert across Sharon at Wheeler which had been there for 40 years. Plans now being made on alterations of order, for extension on Wheeler street.

Question 3—The only outlet for Blackhawk sewer was along the ravine, and acquisition of lots for new street was necessary.

Question 4—The right of way will eventually be laid out and put into condition as a street. City teams and workmen worked periodically for a long time grading the new street so the sewer could be laid. Sewer still in hands of contractor; not accepted by the city.

Question 5—Sanitary sewer is necessary in advance of water main.

REAL ESTATE TRANSFERS: Charles D. Rosa and wife to Robert J. Johnson, D. W. 2, lots 1 and 2, block 16, O. P. Block.

R. E. Powell and wife to Emma Rue Shaw, W. D. 2, lots 2 and 3, block 2, sub-div. block 9, Forest Park addition, Janesville, and pt. E. 1/2, lot 3, block 2, same addition.

## Evansville

Mr. L. F. Miller, Phone 204-J, Correspondent.

Evansville—Programs featured the observance of Armistice day in this city. All places of business were closed. A prayer service was conducted in the Episcopal church, Evansville. The military band had a program and the Woman's Relief Corps observed the day with a patriotic meeting. Public schools closed in the afternoon. A torchlight parade following program was given: "The Star Spangled Banner," sung by the school; "The Good Speech Movement," William Hackett; "Drumbeat Farewell," Arthur Funk; "Quentin Roosevelt, Patriot," Laurine Durner; dramatization, by freshmen boys; song, boys' glee club; "America," Jameson Green; "What Armistice Day Means to the American Legion," Carl Behrke; Lincoln's Gettysburg Address, Roy Crawford; "What Armistice Day Will Mean to the American Citizens," F. W. R. McDermott; song, "America," school.

One of the temporary public school buildings was badly damaged by fire early Friday morning, which started from an overcast stove. The interior of the building was practically ruined. The loss is believed covered by insurance. Until the new school building, now under construction, is complete, the eighth grade pupils will continue their studies in the city hall. Several young people from Milton spent Friday afternoon with Miss Mary Alice Jordan.

The regular meeting of the O. E. S. will be held Monday night, Nov. 14. Mrs. Matilda Bingham returned Friday to her home in Wisconsin after a few days' visit with her niece, Mrs. Dell McKenney and family.

A brick shoek stuck in being built by the Evansville creamery. It will be 50 feet high and six feet square at the bottom.

American sympathy for the Irish people is verbally manifest—but a dollar would fill many stomachs. The Irish are hungry.

Father McDermott, Chairman for Evansville, Advertisement.

Mrs. Dell McKenney attended the funeral of a cousin, Dr. Eugene Drigham, Richmond Center, last week.

Miss Florence Brown, Rockford, came Friday night to spend the week-end at the home of her parents, Mr. and Mrs. S. E. Brown.

Mrs. William Cline, Manitowish, Minn., is a guest of her parents, Mr. and Mrs. F. G. White.

The Pioneer Drug Store is the Gazette agency in Evansville. You may leave and pay for Classified Ads there.

Delavan Hears Patriotic Talks

[SPECIAL TO THE GAZETTE] Delavan School children, gathered at the school at 9 a. m. Friday, joined in community singing in observance of Armistice Day. They then marched to the high school band, where they joined the members of the American Legion, the Delavan National guard and the pupils of the State School for the Deaf.

The new flag and colors of the American Legion were carried by Ralph Rosenbergs, William Byrnes and B. Douina. After the parade on the avenue, the participants marched to the opera house where Oscar Kluck, leader of the high school band, had the boys play several selections.

Post Commander C. W. Boardman introduced the speakers and presided at the meeting. The Rev. R. D. Kelley of the Baptist church led in prayer.

Mayor O. E. Rice gave an interesting talk on Armistice Day, followed by brief addresses by the Rev. C. Wesley Boag and J. J. Elgent. The Rev. Mr. Boardman spoke on the American Legion convention at Kansas City, which he attended.

There being no afternoon celebration, with the Delavan high school playing at Monroe, where they were defeated 14-0, a large number of people went to Elkhorn to attend the American Legion carnival.

Poultry Car

I will be at Janesville, C. M. & St. P. Tracks, Wednesday and Thursday, 12 and 17. Prices this shipment: Spring Chickens, 15c; heavy hens, 16c; geese, 16c; ducks, 13c; cocks, 10c.

Kodaking is always lots of fun. Take your Kodak with you tomorrow. Advertisement.

YOU OWE IT TO YOURSELF to spend a part of Sunday in deliberately renewing your touch with religion.

YOU OWE IT TO YOUR FAMILY to give them the training and opportunity that a regular church going affords.

YOU OWE IT TO YOUR COMMUNITY to support the institution which stands and works for clean living and unselfish thinking, the Church.

YOU OWE IT TO YOUR GOD to keep open the channel of communication between your soul and Him which public worship furnishes.

ALL OF WHICH MEANS go to church! Go to your own church if you have one, to the church you choose, if you have a preference. But if you have not, we invite you to

"FOLLOW THE CHIMES."

## HARDING'S ADDRESS TO DISARM CONFERENCE

(Continued from page 1)

wide aspiration. The glory of triumph, the joy of achievement, the love of liberty, the devotion to country, the pang of sorrow, the burdens of debt, the desolation of ruin—all these are appreciated alike in all lands. Here in the United States, we are, but freshly turned from the burial of an unknown American soldier, when a nation sorrowed while paying him tribute. Whether it was spoken or not, a hundred millions of our people were summing up the inexcusable cause, the incalculable cost, the unspeakable sacrifices of the untimely war, and there was the ever-impealing question: How can humanity justify or God forgive? Human hate demands no such talk of ambition and greed must be denied if it is to be understood.

Understanding Urged.

If misunderstanding must take the blame, then let us banish it and let understanding rule. And make not understanding rule everywhere. All of us demand liberty for ourselves and for others, and we must hold the unquestioned possession of all peoples. Inherent rights are of God, and cannot be taken away by man. In their attempted denial, the world today is inflicting their penalty by aiming to defend or deny, when simple sanity calls for their recognition through common understanding.

Out of the cataclysm of the world war came new fellowships, new convictions, new aspirations. It is our duty to make the most of them. A world staggering with debt needs its burden lifted. Humanity, which has been shocked by wanton destruction, must minimize the agencies of that destruction. Contemplating the measureless cost of war and the continuing burden of armament, thoughtful peoples wish for peace, and they wish their statesmen to turn the expenditures for destruction into means of construction, aimed at a higher state for those who live and follow after.

War More Cruel.

It is not alone that the world can not reach itself and just aside the excess burdens without relief, from the leaders of men. War has grown progressively cruel and more destructive than the first world war. Confusion to this present day and the reverse order would more become our boasted civilization.

Gentlemen of the conference, the United States welcomes you with unselfish hands. We harbor no fears; we have no sordid ends to serve; we suspect no enemy; we contemplate peace with what we have, we seek nothing which is another's. We only wish to do with you, that finer, nobler thing which no nation can do alone.

We wish to sit with you at the table of international understanding and good will. In good conscience we are eager to meet you frankly, and invite and offer cooperation. The world demands a sober contemplation of the existing order and the realization that there can be no cure without sacrifice, not by one of us, but by all of us.

Needs Recognized.

I do not mean surrendered rights or narrowed freedom or denied aspirations or ignored national necessities. Our republic would no more ask for these than it would give. No pride need be humbled, no nationality submerged, but I would have the emergence of minds, compelling all of us to less preparation for war and more enjoyment of fortunate peace.

The higher hopes come of the spirit of our coming together. It is but just to recognize varying needs and peculiar positions. Nothing can be accomplished in disregard of national apprehensions. Rather, we should act together to remove the cause of apprehensions. This is not to be done in intrigue. Greater assurance is found in the exchanges of simple honesty and directness, among men resolved to accomplish as becomes leaders among nations.

when civilization itself has come to its crucial test.

Passion Sway People. It is not to be challenged that government falls when the excess of its cost robs the people of the way to happiness and the opportunity to achieve. If the inner sentiments were not urging the cold, hard facts of excessive cost and the eloquence of economics would urge us to reduce our armaments. If the concept of a better order does not appeal, then let us ponder the burden and the blight of continued competition.

It is not to be denied that the world has swung along throughout the ages without heeding this call from the kinder hearts of men. But the same world never before was so tragically brought to realization of the utter futility of passion's sway when reason and conscience and fellowship point a nobler way.

I can speak officially only for our United States. Our hundred millions frankly want less of armament and more of war. Why force front rule, sure in our own minds, that we harbor no unworthy designs, we accord it to the world with the same good intent. So I welcome you, not alone in good will and high purpose, but with high faith.

Meet for Service.

We are met for a service to mankind. In a simplicity, all honesty and honor, there may be the silence of a world of common sense, by the consuming fires of war, and made more sensitive by the anxious aftermath. I hope for that understanding which will emphasize the guarantees of peace and for commitments to less burdens and a better order which will transmute the world. In such an accomplishment there will be added glory to your flags and ours and the rejoicing of mankind will make the transcending music of all succeeding time.

Milton

Milton—The Woman's Village Improvement club, met with Mrs. A. L. Burdick Thursday afternoon. Miss Clara E. Leonard gave a review of the book, "Father and Son," after which Miss Mable Maxson gave an interesting talk on "The Great Masters" and the pictures which she saw during her trip in Europe the past summer. She exhibited many reproductions of works of art. Mrs. G. H. Warren gave several selections from "Dear Gert" on the piano. The Whittaker circle of the King's Daughters held a sale of fancy articles, plants and food Wednesday afternoon and gave a home talent play. They raised \$72.—A cafeteria chicken picnic will be served at the Congregational church Tuesday.

The King's Daughters will meet with Mrs. Albert Kelly Monday night. An apron sale and cafeteria supper will be served by Circle No. 3 at S. D. E. church Thursday.—Rev. P. C. Richardson, Racine, was in town Thursday.—Mr. and Mrs. H. A. Davis left Wednesday for Mount Horeb, Wis., where they will spend the winter.—P. T. Coon and T. C. Gaby left Thursday for Milton on a deer and bear hunting expedition.—Mrs. E. A. Babcock visited Madison Monday.—George D. Barkalow will go to the College of Agriculture at the University of Wisconsin for vocational training at government expense.—Lyle Brothers new farm implement warehouse just completed, is of concrete block construction.—Mrs. B. H. Waterman is spending the week-end in Chicago.

EMPLOYMENT GROWS IN DETROIT, REPORT

Detroit—Improvement in unemployment conditions here was shown today in the weekly report of the employers' association. The 79 member firms during the week added 4,295 workers to their forces, bringing the total employed to 1,518,242. Half of this number were working on part time schedules.

The mayor's unemployment committee Saturday announced the opening of "Cold Job Bureau" through which persons desiring workers for small tasks might get in touch.

The bureau is expected to furnish employment for 5,000 persons.

"The Guarded Heights," Nov. 19.

Whitewater—Funeral services for George Bloxham who died suddenly Wednesday afternoon, will be held at 1:30 p. m. Monday at the Methodist church. Interment in Whitewater cemetery.—H. O. Hamilton, W. F. Elliott, Wakarusa Shock, Spencer Fish and E. West went north Thursday to enjoy the open season for deer.—The Epworth league had a social in the parlors of the Methodist church Thursday night.—Miss Lilale Rockwell was recently graduated from the General hospital nursing school, Madison, is spending a couple of weeks with Whitewater relatives, and friends.—Mrs. Elma Dykema, Janesville and Mrs. Louis Zinke, Chicago, spent Wednesday and Thursday at the home of E. P. Thayer.—Mr. and Mrs. John Schumacher and child, left Tuesday to spend the winter in Florida.—Word was received here by the parents of Vernon Beardsley, who is attending the University of Wisconsin, Madison, that he was taken to the hospital Tuesday for an operation.—Mrs. Francis Winchester Wells, Menominee, Mich., came home Tuesday to remain several days with Whitewater friends.—The Men's Club of the Congregational church had a supper at the church parlors Thursday night.

Buyers from All Parts of Country Seek Rock County Pure Bred Hereford Stock

Jimmy—stop winking at Mable just because she has her hair bobbed and learn one more lesson why Rock county is supreme in livestock. Last week this class was informed that the county has the best short horns. The same is true of another great breed type of cattle—the white faced Herefords.

This time we consider the true beef type, the great range and grazing animals of the west and south. You may think that Rock county is

TRUE TO TYPE

—Rex Photo.

"Maple Lass 157" yearling which won grand championship.

no place for beef cattle being too far from the prairie lands of the Dakotas, the range of the west or the ranching lands of Texas. As a matter of fact Rock county has herds which lead the United States in beef as well as dairy.

Hereford Best Type.

For Herefords, the class will inspect the cattle on the Robinson farm north of Evansville, owned by John and Elmer Robinson. They have been breeding and raising the white faced wonders of the beef world since 1899 and now have 100 head on their well equipped farm.

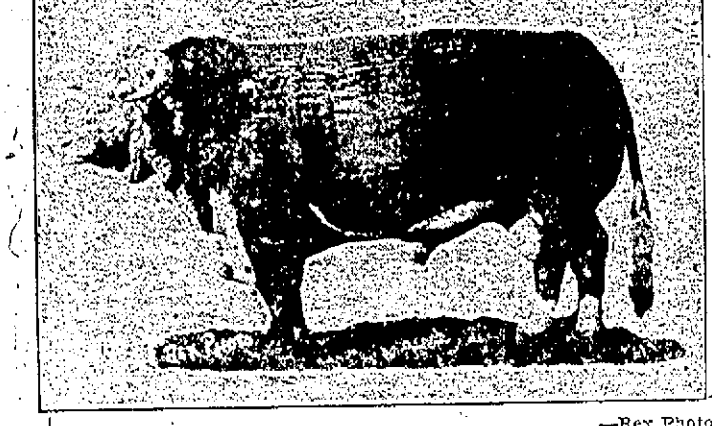

The markings of the blooded Herefords are distinct and are evident in all well bred animals. These cattle started in Herefordshire, England, and have developed to such an extent in the United States until now there is little need for importing. The champions of the breed are in this county and many of them in Rock county.

The head is white with a belt of white running down the throat to the brisket and under the body, with a narrow streak along part of the back. The rest of the body is a rich warm red hue, with the hair soft, silky, thick like fur and inclined to be curly. A Hereford can be "dolled up" with a combing process until she has a "movie beauty." The head is what tells good breeding and the Herefords have real head beauty.

State Fair Winners.

Rock county for two years has walked away with the sweetest banner at the fair—labeling the county as the greatest producing center in Wisconsin. The Robinson Hereford herd is one of the main

Grand Champion Hereford

—Rex Photo.

"Maple Lass 97th" Herd Sire on Robinson Farm Near Evansville.

reasons for Rock's victory for this year the herd scored more than 500 points. The Robinson cattle came with about all the blue ribbons offered and the competition is keen. They are consistent winners, not only at the fairs but also at the International Livestock show where they compete with the famous S. M. and S. cattle.

The present herd was built up from "Bonnie Lad 84" and "Domino," two great herd sires in-bred from the "Anxiety" family.

The leading sire on the farm now is "Maple Lass 97th," a beef giant weighing 2,150 pounds. This is more than a ton of beef under one hide. One look at his head and you know he is a grand champion, for twice he won this title at the state fair. His back is straight, he has great chest breadth, weighty barrel, a huge body which bulges of beef uniformly and general refinement. He looks as "big as a house."

There are 12 head bulls on the farm. In the last two years two sires from the Robinson farm have sold for \$10,000 apiece. They were top sires to improve great herds of Herefords in the west. During the last year stock sold from the Robinson farm averaged \$600 a head.

There has been a slump in beef prices—which is not unusual at the meat markets—but good cattle always sell. The man who can develop a crack breeding herd is the man who succeeds on the farm in big figures.

"Stick to it! True the beef market is down now but I have learned that it is best to stick to one breed and type on a farm, regardless of market situations," declared Huga Robinson. "The market has its ups and downs and it must change in time, or at least a satisfactory adjustment of price effected."

"Animals are selling at their true worth, and as long as the demand continues we are not fearful of the future. Home development is vital to the farmer. Rock county could sell cattle in every state in the union even more than now—and she leads the state."

The trouble with Rock county is not the lack of high class animals. There are here in any breed, grand champions, record breaking producing dams and it is well known. They were within the county and adjoining counties. It is only a question of development among more breeders, and then "go get the business."

**Positive Relief From Rupture and Chronic Ailments**

Read This Man's Testimony

DR. GODDARD

Frederonia, Wis.

Dear Doctor:—

I suffered a long time with rupture, and tried many appliances, like the truss. No relief was to be had.

Then someone told me of your wonderful work and, after two months' treatment from you, I am able to do hard labor on more.

I think I should have always been a cripple if it had not been for you and I shall always have a good word for my best friend, Dr. Goddard.

Yours truly,

WM. J. LANTERS.

CONSULTATION FREE.

Without cost or obligation to you Dr. Goddard will give you free advice on Rupture, Appendicitis, Gall Stone, Colic or any Chronic Disease. Learn the truth about your case.

for Coughs and Colds

A Heart-to-Heart Talk

Our plea to you is to be permitted to serve you as thousands of others are now being served successfully throughout this land. The wonderful results obtained by Chiropractic Adjustments are not miracles, but the principle of Chiropractic carried out. Anything wrong with your lungs, liver, kidneys, bowels? Are you unable to digest your food properly? Have you rheumatism or neuralgic pains of any kind? Have you stiff joints or limbs you cannot use naturally? Have you pains or stitches in the back called lumbago? If you are bothered with any sickness or physical ailment, ascertain what Chiropractic work will do for you.

WHAT IS CHIROPRACTIC?

How few have a definite idea of just what Chiropractic is! Hardly one man in a hundred has been well informed on how this science operates; and what success it is recording.

Many men, women and children fail to enjoy all the health Nature intended for them. Multitudes have tried one doctor after another, absorbed many and diversified drugs. Some have even experienced the trials and dangers of surgery without success. Yet, a Chiropractic Doctor has never been consulted!

Chiropractic is based on the fact that disease results from pressure upon the nerves, and that the spine being in a position to impinge the nerves controls the health of the body.

If you have been unable to regain your health, remember that Chiropractic has brought health to thousands of others and can do the same for you.

**FREE BOOKLET.**

## Murder of Mrs. Brickson

(Continued from Page 1.)

Mr. Fred Deley and Deputy Frank Brit of the sheriff's office, and U. S. Deputy Marshal Will Tooton, Madison, who happened to be at the jail when word of the crime was received.

The jury spent considerable time in looking over the body and surroundings and all agreed informally that robbery was the only possible motive for the murder. Mr. Whaley announced the inquest would be held Monday or Tuesday.

**Husband Breaks Down.**  
Mr. Brickson broke down completely when questioned Saturday morning over his wife's body.

"Oh, if they had only taken the money but left her!" he cried. "It's too much—too much. I can't stand it!"

Sadness of the cold-blooded affair is quickened by the grief of the husband who had labored for four years in building a home there. Now as it is nearing completion, a cruel little sliver dwelling, his wife is taken from him and his dream of a happy little home of their own where they could spend their declining years together is an empty one.

The faithful wife had assisted daily in making the new home. She had spent much of her last day painting the trimmings of the stucco in red.

**Were Happy Couple.**  
"They were very happy together," said Mrs. George Havens, daughter of Mr. and Mrs. Brickson, who was

called from her home near the county farm upon the discovery of the body Saturday. "They didn't have much money—everything they had was going into building the house and making other improvements about the small farm."

"Mother has been in good health all her life—it is my father who is not well. We have feared for his life ever since he was operated upon for appendicitis. I thought it was he who had died when they called us this morning—not mother."

**Fired at Close Range.**  
The shots were apparently fired at close range, one of the bullets which entered the back having penetrated through the abdomen to within an inch of the skin on the opposite side. An incision was made by Coroner Whaley and the bullet removed, giving the first positive evidence that the revolver used was a .32 caliber. The other bullets were not located.

Two of the bullet holes were in the small of the back, three inches apart. The third was through the rear of the left hip. The fourth, fired from the front, cut through the woman's coat, waist and underclothing and penetrated the heart.

The evidence indicates she was fired upon three times from the rear and, as she crumpled to the ground on her back, the murderer leaned over her, took careful aim and fired directly through her heart to be sure of her death. There was an expression of agony and fright upon the

dead woman's face and the mouth was open. There was no evidence of there having been any struggle.

**Checks Not Located.**  
The missing purse contained either two checks aggregating \$99.50 or their equivalent in cash, as the banks have no record of their having been cashed although it is possible she turned the checks in at some store Friday upon finding the banks closed for Armistice day. The checks, if cashed, should be located by the banks before Monday.

One of the checks was dated Nov. 5, issued by the Rock County Sugar company to Brickson for \$40. This was on the Rock County National bank. The other was on the First National bank, for \$59.50, dated about October 19, and given him by John Dawson, stock buyer, for a cow.

**Wife Handled Money.**  
"My wife always handled my checks and took care of all our money, paying the bills," said Mr. Brickson. "I had told her many times to keep the money in the bank but she would keep the checks for several days, sometimes several weeks until she needed the money to pay bills. Then she would go directly to the bank and cash them. We have no bank account. She frequently would go down town or out at night. I am convinced she had been down town last night and was just about to go into the house when she was murdered."

**First Murder Since '10.**  
The house where the heartless tragedy was enacted is located 300 yards south of the Magnolia road, on a knoll. The 10-acre tract which

Mr. Brickson has owned for the past five years adjoins the links of the Country club and overtures have frequently been made to him to acquire it for the club, but he would not sell it.

The murder is the first that has occurred in the immediate vicinity of Janesville for more than five years. The last murder here was on October 26, 1915, when Vincent Cornale was killed by Raffaele Palmero. Palmero is now serving a life term in Waupun.

In Rock Co. 30 Years.  
Mrs. Brickson was born in Norway in 1859 and came to the United States with her parents in 1874. They lived in Dane county, in the vicinity of Stoughton, for several years. She came to Janesville prior to her marriage and worked in the old Echlin home in the first ward during the famous winter of 1881.

She married Nels Brickson in 1882 and they lived near Stoughton until 1891 when they moved to Rock county, taking up their home at the old Rock River tavern on the west side of the four-mile bridge. They lived there until five years ago when Mr. Brickson acquired the 10-acre tract near the Country club and began building a home later. They lived in the house as it was being constructed. He performed all the heavy labor alone during his spare time, his wife assisting him, where possible.

**Funeral Is Tuesday.**  
Two children, three brothers and two sisters survive besides Mr. Brickson. The children are Mrs. George Havens, living near the Rock county farm, and Mrs. Ross Keller, Evans-

ville. The brothers are, Mathew Nelson, Oregon, Wis.; Ole Nelson, Stoughton, and John Nelson, Edgerton; and the sisters, Mrs. Ben Johnson and Mrs. L. Larson, both of Stoughton. Deceased was a member of the Norwegian Lutheran church. The funeral will be held from Whaley's undertaking rooms at 1:30 p. m., Tuesday.

**STORY HOUR SUCCESS.**  
Story hour, the first of the fall, was a great success at the public library Saturday morning, about 75 school children attending. Miss Emily Meeser, the story-teller, told "Prince Harewood," "The Laying and Finding of Thor's Hammer," "The Monkey and the Tiger" and "The Brahman and the Crocodile." Stories will be told by Miss Meeser at 10:20 every Saturday morning.

**FORMER CHAPLAIN TO PREACH.**  
The Rev. Francis Romer, former United States Army chaplain and now a professor in the theological seminary of the Redemptionist fathers at Oconomowoc, will preach at Mary's church Sunday. The St. Mary's Council of Catholic Men will receive Holy Communion in a body at the 7:30 a. m. mass Sunday, their monthly communion. Father Romer will preach at this service and also at 10:30.

**SCHOOL PADS 5c.**  
For sale at The Gazette Office.

**Advertisement.**

## OBITUARY

**Dr. Arick Sutherland.**  
Brothered.—Dr. Arick Sutherland, about 75 years old, a practicing physician of this city for more than 20 years, died suddenly at his home here Thursday night. Unable to sleep, he arose from his bed, and sat in a chair and was found a short time later, dead. He is survived by his wife, a son and two daughters.

**Mrs. J. K. Jensen.**  
Funeral services for Mrs. J. K. Jensen, 527 Court street, were held at St. John's Lutheran church at two o'clock Friday afternoon.

Services were read by Rev. A. J. Seldan, Madison, assisted by Rev. W. Fuchs, Fall River, Wis. Rev. Joseph Strup, D. E. Fargo, N. D.; Rev. P. H. Roth, Fargo, N. D.; Rev. Jonas Dressler, Racine; Rev. George W. Gensler, Racine.

**"The Guarded Heights" Nov. 19.**

Rev. P. W. Roth, Milwaukee; Rev. C. A. Natemann, Evanston, Ill. Interment was in Oak Hill cemetery.

**FARMERS WILL KEEP ACCOUNT OF COSTS**  
For obtaining accurate information on farm costs a five-year survey has been started by 25 Walworth county farmers. The farmers will keep a record of all expenditures and the cost books. The following farmers have agreed to follow the plan: L. M. Mann, Howard McVahon, H. T. Price, Bert Ellsworth, Roy Marshall, Charles Boardman, A. D. Stearns, L. L. Teater, Charles Fountaine, Earl White, William Nott, John Renner, Alvin Oleson, Bert Macatee, Winter Echolt, Earl Harlow, William Berchert, William Amos, J. W. Parkyn, D. E. Davis and I. Melcher.

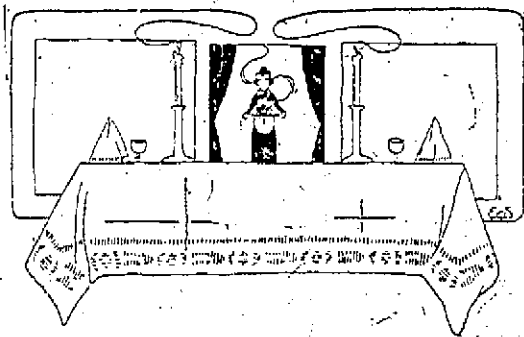

**PAYS \$25 FOR FAST RIDE IN DOWNTOWN**  
A fine of \$25 and costs was assessed in municipal court here Saturday against David Holmes, Janesville student at Beloit college, when he pleaded guilty to a charge of speeding. The original complaint of reckless-driving was quashed upon motion of his attorney P. J. E. Wood who brought out that Holmes admitted riding a traffic post here last Saturday night. Denial was made that he struck a similar post in Beloit the same night, proof being offered that it was a Beloit car.

**WOMEN IN TRIBUTE TO ROLL OF HONOR**  
As part of the Armistice day program and to express their faithfulness, members of the Service Star Legion stood before the honor board Friday morning, following the exercises at the Myers theater, in two minutes of silent tribute. A prayer was repeated. The Legion wishes to extend its gratitude to those who helped make the board more presentable.

Copyright 1920 by Geo. McManus.

## 1,000 Local Fans Watch High School Rushed Off Feet in Daze Before 2,500

Backed and hammered into almost total submission, Janesville high school's finest football team in years saluted Edgerton at the Tobacco City Friday, 13 to 6. Dreams of victory and broken strings of victories and a possible chance of bidding for the state title were scattered to the winds of a raw November afternoon.

Despite the support of 1,000 Bowles fans, the most remarkable demonstration ever accorded a Blue gridiron squad—and playing before a crowd totalling 2,500, the local team suffered a beating greater than the scores indicate. The result was the biggest surprise in southern Wisconsin sporting circles this season.

Outgeneralled, out-guessed, outplayed, the Janesville warriors were the same organization of recent combats. Save for temporary flashes in the final period, they were a sorry looking lot. At the bottom lay the local coaches all season—overconfidence.

The field was a sheet of light, slippery snow. The weather was slow. For two hours and 15 minutes the teams stared back and forth until the shadows of evening made the extreme difficulty of the task. The day was raw, with a bitter, cold wind sending shivers into the great crowd.

But the Blues were not in it. They started, rushed Edgerton and advanced the pinstriped within easy reach of the Tobacco City's goal.

## Two Remain Tied in I-C Bowling Race

Fordsons	1	14	.066
Dorwick	0	18	.000

Rolling over the Post office for three straight games, the American Express and the Tobacco City, the Woolen Mills continued in a tie for first place in the Industrial-Commercial league with the Express boys Friday night.

The Gazette dropped out of the tie for first by losing one game to the Janesville Electric, a team that is a corner in the circuit. One of the sets was captured by only 11 sets. Hefferon of the Electric's made high score for the night of 222.

The Cailliacs were able to take only a couple from the Golden Eagle. The Varsity got out of the cellar position by taking two from the Post Office. The Samsons and Fordsons postponed their battle until next Tuesday night.

Edgerton, who rolled with the Parkers Friday night, has been ruled out of the league, the officials having declared him ineligible for having started in the City Circuit. In addition, he has violated the rule of the Janesville Bowling association that a Pin Knight may roll in only two leagues and is liable to 30 days suspension.

The Gazette is prepared to help solve your Auto Problems.

"Only another Buick can ever satisfy a Buick owner"

"I HAVE owned seventeen Buicks," says Dr. Victor L. Garbutt, Detroit. "During all the years I have driven a Buick I have never had to walk home. And that's going some. I doubt if there is another car on the market that would have given me such service and I know of no car that would have given me better."

There are doctors in this community and many others who use Buicks exclusively because they know Buick never fails.

## HINTS FOR THE MOTORIST

ALBERT L. CLOUGH

Copyright, 1921, by the International Syndicate

Measuring Oil Deterioration

Guess Work and Rule of Thumb Should Be Discarded

AS TO RENEWING ENGINE OIL is always given in miles of service, for instance, "at the end of each 1,000 miles run in summer and of each 500 miles in winter," but this rule is a very unsatisfactory one. Oil should be renewed when and not until its lubricating qualities have become seriously impaired and the mileage run has no exact bearing upon this point. The mileage rule is given only in the absence of a more positive means by which the user can tell how seriously his oil has deteriorated and is framed to meet average unskilled driving and oil of ordinary quality. Under extremely unfavorable conditions the mileage rule may not cause frequent enough oil renewals while, under ideal conditions, it leads to serious oil waste. What the user needs is some automatic or readily operated device to tell him the lubricating value of his oil at any time, so that before it becomes dangerously low, he will be warned to discard it. With good filtering arrangements, loss of body or viscosity—thinning, in other words—is the best indication of impaired lubricating value and the simple form of viscosity meter, attached to or readily applicable to the engine lubricating system, conveniently read and properly corrected for temperature, is what is needed. Instruments designed to accomplish this purpose are already appearing upon the market and, if they operate satisfactorily, should prove a boon to the motorist.

ODOMETER READS TOO LOW

E. M. R. writes: My speedometer does not register correctly. When the car has run 20 miles it only shows 15 miles and it appears to record only three-quarters of the distance actually run. Can you inform me how to correct this?

Answer: Evidently, your speedometer gears are wrong. The driving gear should have a larger number of teeth or the driven gear a less number or both.

If this speedometer is front wheel on, the change can be very readily made, but if it is driven from the transmission, the required change will be somewhat more difficult. Any service station of your make of speedometer will tell you just what gears you require to give exact results.

MANUFACTURERS' WARRANTY ON CARS

C. A. L. asks: Are autos guaranteed by their manufacturers and if so to what extent? I have been having some trouble with mine.

Answer: The usual warranty given merely obligates the manufacturer to replace any parts which are returned, transportation charges paid to his factory, within 90 days of the delivery of the car to its original owner, and which he, the manufacturer, considers to be defective in material or workmanship in respects which should have been detected before being delivered. This guarantee does not apply to parts of the car which are made by and warranted by others than the car manufacturer and it ceases to apply to a car when any of its original parts have been replaced.

Questions of general interest to the motorist will be answered by Mr. Clough in this column, space permitting. If an immediate answer is desired, enclose self-addressed, stamped envelope.

placed with others not made by the manufacturer. Fortunately, car manufacturers are generally quite liberal in standing behind their product and frequently, as a matter of fact, dealing or of business policy, go far beyond their obligations as set forth in this mild form of guarantee.

ELECTRICAL FRAGAGE THROUGH PUG PORCELAINS

C. B. F. writes: I have had much trouble with spark-plugs in large (aviation?) engines. New plugs work finely for about 100 hours and then show a poor spark, although the porcelain is not broken and there is no apparent short-circuiting. The plugs seem to put up a high resistance. How can this be the case if the porcelain does not crack nor the electrodes burn excessively?

Answer: Most of the trouble with spark-plugs under heavy continuous service is from breaking down of the insulation resistance of the core with the result that after a few hundred hours service, ignition current leaks through the porcelain to such an extent as to rob the spark of much of its energy. There is much to be learned about this matter, but it appears that there is a structural change that occurs in the porcelain, due to intense heating and that further, there is an embedding in its surface of conductive particles, both of which actions tend to create electrical leakage. The failure seems to me a matter of lowered resistance of increased resistance, which can most probably be eliminated by improvement in the dielectric qualities of the material.

## Cold Weather COMFORTS

Hood & Radiator Covers  
Priming Plugs  
Gasoline Primers  
Sheet Celluloid  
Curtain Lights for Fords  
Winter Tops for Fords  
Exhaust Heaters

"Janesville's Oldest Supply House."

## THE SHERIDAN AUTOMOBILE

is by far the best automobile buy on the market now. This car has all the qualities which make a car beautiful, in addition to a sturdy, well built motor.

The price is very reasonable. Let us demonstrate.

**Bower City Implement Co.**  
Court St. Bridge.

## THE NEW CADILLAC

The lounging comfort of the seats themselves, the restfulness and convenience of the new steering wheel, and instrument board, and the completeness of the new windshield and ventilating arrangement, all conduce to a sense of comfort and well being that is delightful.  
The new type Cadillac is a delight to the eye, but the real revelation will come to you, in your first ride in the car, in the marked increase in riding ease and roadability and swifter acceleration. A delightful experience is in store for Cadillac owners' and non-owners alike.

**Kemmerer Garage**  
206-212 E. Milwaukee St.

## Use G. M. C. Trucks For Your Hauling

We can deliver to you one of the New Model K Series that will meet all your requirements at a very low cost.  
All sizes from 3/4-ton to 5-ton capacity.  
The new K Series has an entirely new Motor of G. M. C. Design and Mfg., Removable Sleeve Type Cylinder Walls (which means efficient cooling and cheap and quick repairs if necessary), Force Feed Lubrication, Two Range Transmission which means not only a saving in fuel but a saving on entire truck.  
Let us help solve your transportation troubles.
